Mr. George Seymour, representing the New Jersey Auto Bus Association, appeared before the Board and urged that the franchise granted to the General Omnibus Company be revoked for the reason that the franchise has expired by lapse of time and for non-use and there was no longer any franchise existing between the General Omnibus Company and the City of Newark. About the only thing we can discover that the General Omnibus Company has done since November, 1919, when it received its franchise from your Honorable Body has been to sell stock. They have used the credit and the good name of the city to sell capital stock. Since the franchise was granted they have not operated buses in the city of Newark, nor have they done a single thing that would benefit the city or the people of the city. In consideration for the revocation of their franchise we promise that we will give the best possible service that can be given to the public. I respectfully urge, as the representative of the New Jersey Auto Bus Association, that this franchise be revoked and that it be taken off our books.

Mr. Bela Cukor, representing the General Omnibus Company, appeared before the Board and stated they are ready to start the operation of their

buses today, in compliance with the terms of a resolution adopted by the City Commission, and have accordingly filed five policies to cover the operation of five buses.

Mayor Gillen:—I think the franchise ought to be revoked.

Commissioner Raymond:—I have given orders that none of these buses should be permitted to run. It is not in compliance with the ordinance. However, I do not care to make a motion to have their franchise revoked until the City Counsel advises us we have a legal right to do it.

Commissioner Raymond moved that the matter be laid over for a week with the idea of preparing the necessary ordinance to revoke its franchise.

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Mayor Gillen: I am opposed to the application of the Public Service Gas Company for an increase in gas rates, and I think the City of Newark ought to oppose it.

Commissioner Raymond: The City of Newark is going to oppose it vigorously. I have requested the City Counsel to take this matter up with Mr. Sherrerd and Mr. Francisco, and I have asked them to employ experts in order to investigate the matter so that we can go to the Commission well prepared to meet the case.

City Counsel Congleton: Following Commissioner Raymond's instructions, Chief Engineer Sherrerd, Mr. Francisco and myself held a conference in connection with the application of the Public Service for increased gas rates. We decided to invite Mr. Falstill, the man who was employed by the Public Utilities Commission in the 90c gas rate case, to attend a conference to be held next Tuesday morning, and I think he would know the history of the matter up to there. We have arranged for the conference for next Tuesday morning for the purpose of getting his viewpoint on the pending application of the Public Service.

Mayor Gillen: I do not think he should be employed. I think our Law Department ought to be able to settle

the case. I will never vote to retain any outside expert. I am going to fight against it absolutely. I am opposed to this rate and I will fight it to a finish.

Commissioner Archibald: I do not want to see you get into any great big fee.

Commissioner Raymond: We have retained him for this conference only.

The following communications were received and read:

Public Welfare Association,
Incorporated.

Newark, N. J., July 6, 1920.

To the City Commissioners
of Newark, City Hall,
Newark, N. J.

Gentlemen:

At the regular meeting of the Public Welfare Association, held in the

Hawthorne Avenue School this evening, the following resolution was unanimously adopted and a copy ordered to be delivered to your honorable body with the request that you take immediate action on the matter:

Whereas, The nuisances created by the factories on the Lehigh Valley Railroad in Irvington, N. J., are as they have been for months past a detriment to the health of the residents of that section of Clinton Hill contiguous to the L. V. R. R.; and,

Whereas, The loss in the value of the property is such that the owners are contemplating an appeal to the taxing authorities for a reduction in their taxes; and,

Whereas, Repeated protests by this association have been made to the Commissioners of the Town of Irvington, who have procrastinated in the matter; therefore, be it

Resolved, That inasmuch as the City of Newark is supplying these factories in Irvington through the sale of water to the Town of Irvington, we, the members of the Public Welfare Association, all of whom are residents and taxpayers of this section affected by these nuisances, respectfully request the Commissioners of the City of Newark to cease at once to supply the Town of Irvington and the factory district of that town with water until such time as the Town of Irvington abates the nuisances above complained of; and be it further

Resolved, That the City Commissioners of the City of Newark take the necessary legal steps to close all streets of this city running from Fabyan Place to the Irvington line

and have them remain closed until such time as the Town of Irvington abates said nuisances.

OSWALD R. ROUTH,
H. C. LEHMAN,
J. H. KOEHLER,

Committee of the Public Welfare
Association.

Mayor Gillen: What is your pleasure with this communication?

Commissioner Archibald: Who is it up to?

Mayor Gillen: As far as the nuisance is concerned, it is up to the Grand Jury.

City Counsel Congleton: You referred a similar case with respect to one factory in Irvington to the Law Department some time ago. We took it up with the Irvington authorities and that company was up before the Police Court in Irvington. The Irvington authorities with respect to that one case did not refuse to do anything as that resolution says. They not only had them in the Police Court, but also before the State Board of Health. A municipality cannot attempt to go in and stop every nuisance that is not injurious to health. They have recourse through the Court of Chancery. The State Board of Health has advised that any nuisance that was not a matter that was injurious to health was not in their power. It is not a matter that is within our municipality to begin with, and if they cannot get the Irvington authorities to do what they ought to do, they should go to the Grand Jury. The people affected by it must take it up. If they go before the Grand Jury and secure an indictment, the Prosecutor's office has to

prosecute. As far as closing the streets is concerned, I do not think we have the legal right to do that.

Commissioner Archibald moved that the communication be received and filed and that they be advised that it is a matter not within our authority, and we would suggest that they lay the matter before the county authorities, looking to an indictment if the nuisance exists, and that the Law Department will aid them if necessary.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Commissioner Raymond: Mr. Mayor, Counsel for the General Omnibus Company is here, also other people, and the City Counsel has a letter for us on the matter of their franchise. Don't you think it would be well to get rid of that now?

The clerk then read the communication, as follows:

City Counsel's Office,
Jerome T. Congleton,
City Counsel.

Newark, N. J., July 8, 1920.

Subject: Opinion as to manner or revocation of Franchise of General Omnibus Company.

The Board of Commissioners of the City of Newark, addressed.

Gentlemen:

With respect to the motion passed at your last meeting, directing me to prepare an ordinance to revoke franchise of General Omnibus Company,

I beg to say that I have given this matter considerable study, and it is my opinion that there are certain preliminaries which must be gone through with before declaring the franchise forfeited.

I am of the opinion that the Board of Commissioners has the legal authority, under the ordinance granting General Omnibus Company its franchise, to declare the same forfeited for non-compliance with the terms thereof, and if it is the desire of your Commission to so declare, it should pass a resolution, reciting all of the matters wherein the company has failed to comply with the terms imposed upon it, and should fix a time and place when it will give a hearing to the company as to why the ordinance should not be repealed and the franchise granted thereunder declared forfeited. The hearing under this resolution would be in the nature of a trial, and it would be necessary for the Board of Commissioners, on its part, to prove the adoption of the ordinance and the failure on the part of the company to comply with the terms thereof within the time specified, after which the company would be entitled to offer evidence on its part, to excuse itself for the non-performance of the terms imposed upon it. If, after hearing the evidence, the Commission is still of the opinion that the company has not in good faith exercised due diligence so as to comply with the ordinance, it would then be in a position to pass an ordinance declaring the franchise forfeited.

The resolution will need to be drawn with a great deal of care and state with great particularity the matters wherein the Omnibus Company has failed to comply with the ordinance, and it is of so much importance that

before any attempt to draw it is made, some person who is entirely familiar with the entire situation should go over the ordinance with care and specify the terms imposed upon the company, which it has failed to comply with.

If you adopt my view of the matter, I think it should then be referred to Commissioner Raymond, who has supervision of the jitneys, with a request that he prepare a resolution along the lines indicated, for submission to the Board of Commissioners at its next meeting.

Respectfully yours,

JEROME T. CONGLETON,

City Counsel.

Commissioner Raymond moved that the communication be filed and that the matter be referred to him to prepare the necessary resolution in conjunction with the City Counsel.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Mr. Andred Van Blarcom, 164 Market Street, Newark. I represent the General Omnibus Company, but naturally I cannot sway the judgment of the Commission in this matter. I simply appear to see what action is to be taken.

Atlantic Deeper Waterways
Association,
The Crozier Building,
Philadelphia.

July 3, 1920.

Hon. Charles P. Gillen,
Mayor of Newark,
Newark, N. J.

Dear Mayor:

I understand Mayor Bader of Atlantic City has written to notify you to attend a conference in Trenton June 26th with reference to the New Jersey Convention of the Atlantic Deeper Waterways Association, to be held in October.

The plan as it was outlined at our Charleston Convention last fall was to focus attention on the Ship Canal project. Atlantic City was selected as being the most convenient meeting point, and it was suggested that an inspection trip be arranged to run along the route of the canal, with stops perhaps at both ends for addresses. We regard it as very important to begin a strong effort to put the New Jersey project over. The intracoastal matter had now reached the point where that is the next big thing to be taken up, and it is so much bigger than anything else that Congress has yet authorized that it will take a stronger effort to succeed.

I have always felt that we ought to have a more general interest and co-operation in Newark, and think that the only reason for this not being the case has been lack of systematic effort to obtain it. Newark is so nearly connected with the proposed waterway that it must play an important part in its commercial future. I had thought that aside from the At-

lantic City plans, it might be very appropriate if you were to call together some of the representative citizens with a view to getting them interested, and should be glad to attend such a meeting myself, and with others of our members whenever it might be arranged. This is probably a matter which you would prefer to discuss personally, and I should be pleased to call at your office for that purpose at any time you might suggest.

With personal regards,

Cordially yours,

WILFRED H. SCHOFF,

Secretary-Treasurer.

Commissioner Archibald moved that the Mayor be authorized to take this matter up with these people and find out just what assistance they want, and make whatever arrangements he deems necessary, financially or otherwise, to have the City of Newark take part in this convention.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

State of New Jersey,
Civil Service Commission,
Trenton.

July 6, 1920.

To the Honorable
The City Commission,
City Hall, Newark, N. J.

Gentlemen:

Pursuant to the provisions of Chapter 54, P. L. 1918, and the resolution adopted by your Honorable Board on

November 26, 1919, we are directed to advise that the Civil Service Commission, co-operating with Messrs. William J. Egan, Andrew K. Brady and John W. Judson, has completed the classification of the classified civil service in the City of Newark and has set up proposed salary schedules for each individual position and each group of positions in the entire city service.

With the exception of two or three cases, there is, so far as we know, no differences of opinion between this Commission and the City Committee, and our position has been set forth in a memorandum to the City Committee, a copy of which we are enclosing for your information. A copy of the report has been in the hands of the City Committee for the past several days and it is probable that your committee will complete its deliberations very shortly. We are placing in the hands of the City Clerk, Mr. Egan, two complete copies of the manuscript for the use of the City Commission.

The salary changes, based on the tentative schedules of the new classification, have been approved by the Civil Service Commission pending the adoption of the new classification with salary schedules attached. These increases, as you are probably aware, in very many instances are not in accord with the old classification, and it is requested that early consideration be given to the classification plan herewith presented in order that these salary changes may become permanent, or in the case of rejection of the classification plan, the Commission may proceed with the numerous pro-

motion examinations and adjustments necessary under the old classification.

Respectfully submitted,
CIVIL SERVICE COMMISSION.

Charles P. Messick,
Chief Examiner and Secretary.

Commissioner Archibald moved that the report be laid over temporarily until the return of Commissioner Monahan and until the Commission has had time to study it.

NEWARK, N. J.,

July 15, 1920.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 a. m.

Present: Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Absent: Commissioner Monahan.

The minutes of meeting of July 8th, 1920, were read and approved.

Mayor Gillen: Is there any citizen desiring to bring any matter before this Board?

Mr. Oswald R. Routh, 73 Leslie Street, Newark: I represent the Public Welfare Association of Clinton Hill and appear before you in regard to the nuisances that exist in Irvington on the Lehigh Valley Railroad on the east side of the railroad and adjoining Newark. For about two years past we have, in an orderly manner, tried to have these nuisances eliminated. They come from the International Coal By-Products Company and the Lignol Chemical Company. The gas, smoke and odors from the International Coal By-Products Company is such that it is very injurious to health, and it has also lowered the value of property in the neighborhood. We have made three different appeals to the Irvington Commissioners, and at the last meeting there about six weeks ago Mr. Matthews of the International Company admitted they were maintaining a nuisance, but stated they were expecting to have it all eliminated in about a year, so we must put up with that nuisance for another

year, according to Mr. Matthews' idea. We petitioned you gentlemen last week, asking you to stop giving water to the Town of Irvington. It may be a forcible action on your part, but these factories cannot live in Irvington without the water you are furnishing them, and whereas the water you are furnishing them enables them to maintain this nuisance, we feel we are within our rights in asking that their water supply be stopped. Again their ingress and egress to their plants are through the streets of Newark, and we ask you then to close these streets. I received a letter stating that the matter was one not within the authority of the Board. We have tried every peaceable method we could. We feel it is up to you gentlemen and not us to start proceedings. You are here, I am casting no reflections, to preserve the right of the people of the City of Newark, and I claim you are not doing it. I claim it is your duty to take this matter up when it is properly presented to you by the people in the neighborhood, and we represent 5,000 people in that section.

Mayor Gillen: The Board felt at the last meeting when the communication was received and read, that it was willing to do everything possible to help out in the matter, but felt also that if the aggrieved residents of that section would present their own case with the aid of our Legal Department to the Grand Jury, it would have far more effect than if the governing body presented the matter. I do not think the Board has any objection to presenting the matter to the Grand Jury, but it would have far more effect if it came direct from those injured, and if those property owners who are injured would appear before the Grand Jury and ask for an indictment, this Board would be willing to help in

every way, and the Health Department will help you to complete the evidence.

Commissioner Archibald moved that the matter be referred to the Mayor with authority to take whatever action he deems necessary to abate the nuisance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Mr. Arthur S Barbier, 250 Nye Avenue, Newark: It seems to me you gentlemen who do not live in the neighborhood are not aware how widespread this nuisance is. About a year ago the Public Welfare Association took it up on account of complaints in the neighborhood. I was one of a committee who went to see Mr. Smith by appointment, president of the International Coal By-Products Company. He was surprised, or supposed to be surprised, when we arrived there. He told us he could tell us where all these foul odors came from and we invited him to tell us. He declined. We investigated and found the odors came from his plant. Getting no satisfaction, we went to the Board of Health and found it was out of their jurisdiction. We found people could be suffocated, children poisoned and deprived of sleep simply because the nuisance was out of the jurisdiction of the city, and we had no protection in Newark. The condition still stands aggravated, sheltered by the Irvington authorities. We then wrote to the State Board of Health. We got the usual letter from the State Board, and heard nothing of it until the Welfare Association got

busy and boycotted the Town of Irvington, when the Mayor and a number of people came to our meeting. We then found that inspectors from the State Board of Health had been sent to investigate and they acknowledged they were maintaining a nuisance. They claimed that they had spent \$18,000 in efforts to do away with it and that they had entered into a contract with a company who guaranteed to eliminate the nuisance or take no pay. If your Law Department wants any aid in this matter, address a communication to the Public Welfare Association and we will furnish all the evidence you want.

Commissioner Raymond moved that City Attorney Kearns be requested to prepare a very strong resolution today, calling upon the State Board of Health to act forthwith, demanding that they come here and afford relief to the citizens of Newark, making it clear that it is a matter of public interest and that we will call the matter to the attention of the Governor if the State Board of Health does not take action at once.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance, which was read by the clerk:

Section 2. That this ordinance shall take effect immediately and all ordi-nances or parts of ordinances incon-sistent with the provisions of this or-dinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Whereas, Said ordinance did by Section 2, Paragraph F, provide that said company should commence operation within six (6) months from the date on which the consent was accepted by them, provided that such period should be extended by the Board of Commissioners for a period or periods not exceeding in the aggregate eight (8) months from the granting of said consent; and provided further that if the commencement of said operation should be prevented by legal proceedings in any court or by works of public improvement or from other causes not within the control of the company, the time for the commencement of such operation might be extended for the period of such prevention; and,

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage on July 22nd, 1920.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Commissioner Archibald: — I would like to call the attention of the Commissioners to the opinion of Justice Swayze on the rent resolutions passed in Jersey City. In some ways the opinion affects us, particularly the ordinance making it necessary to notify the City Clerk of rent increases and notice to quit the premises. I do not know how this will affect Newark generally, but I think we should get an opinion from Mr. Congleton as to our standing, especially since we appropriate funds and engage counsel to assist in litigation in the courts.

New Jersey Supreme Court,

June Term, 1920. No. 221.

Charles Stell

v.

The Mayor and Aldermen of Jersey City.

Certiorari.

Before Justices Swayze, Parker and Black.

Merritt Lane, for the Prosecutor.

John Bentley (John Milton on the brief) for the City.

The opinion of the Court was delivered by Swayze, J.

There are three writs of certiorari which may be treated together. The Prosecutor is a taxpayer of Jersey City and the resolutions involve the expenditure of public moneys.

The first resolution is that the director of revenue and finance be directed and authorized to investigate all cases where unscrupulous owners have demanded unconscionable sums of money for rent, in many instances beyond the ability of tenants to pay, thereby resulting in innumerable proceedings to dispossess against the tenants whereby families, many of them with children, will be without shelter unless instant means are taken to meet the situation; and he is authorized in his discretion to spend and disburse so much money as may be necessary in defense of all such cases, probably meaning proceedings to dispossess, including the original deposit required for a jury trial and the retaining or employing of such legal or other assistance as he may need in the defense of such cases. The director is also authorized and directed to advertise in the local newspapers that the defendant in any such case as is hereinabove referred to may present his defense to the director, who will take such steps therein as may be necessary in the premises. What steps he may take is not indicated, but evidently what is meant is that the director should, if he thinks proper, defend the proceedings to dispossess. We pass by the declamatory parts of the resolution and treat it as authorizing what is undoubtedly meant to be authorized.

The second resolution directs that warrants be drawn on the City Treasurer for the moneys required. It is shown that the money of the City has

been spent for costs in proceedings of the character referred to and for counsel fees.

The third writ removes an ordinance requiring the owner of property occupied for living purposes to file with the City Clerk a copy of any notice served upon tenants or occupants demanding possession of the premises or increasing the rent thereof. A rather lame attempt is made to pretend that the object of this ordinance is to assist the City Clerk in dividing the City into election districts and by way of aiding him to ascertain the number of inhabitants in election districts. The ordinance is curiously ill adapted to that purpose, which is already provided for in the election laws, and it is quite obvious that this is a mere pretext and that the real intent of the ordinance is to enable the City to intervene in a private litigation, where one is pending, and for that purpose to secure a notice of the threat of such proceedings. So far as the first two resolutions are concerned, they are clearly illegal. Our Constitution provides that no city shall hereafter give any money or property or loan to any individual, association, corporation or become security or be directly or indirectly the owner of any stocks or bonds of any corporation or association. We think this includes the advancement of city money to defend private litigants in their law suits. The curious notion, that the authority given by the Walsh Commission Government Act to the city to pass ordinances necessary for the protection of life, health and property and to preserve and enforce the good government and general welfare, order and security of the city, authorizes an appropriation of this kind hardly required notice. It is enough to say that any authority of

the city government to protect property certainly cannot include authority to deprive owners of property of the beneficial use thereof. The general welfare and good government of the city requires that the city should see that, so far as it is concerned, all of the citizens are secured their rights, and it is a manifest perversion of the very object of the statute to use the power and money of the municipality for the protection of one class of citizens at the expense of another. No doubt it is desirable that there should be houses for all citizens, but they cannot be provided legally by using without leave or confiscating the property of house owners. Housing can only be provided either in the ordinary commercial way or by private charity. These resolutions are clearly bad and must be set aside.

The third resolution is unreasonable because it imposes an additional burden upon the owners of rented property and for no bona fide purpose, but for a mere pretense. This resolution also must be set aside.

The prosecutor is entitled to costs.

Commissioner Raymond moved that the opinion of Justice Swayze in connection with rent ordinances be referred to City Counsel Congleton to advise us the affect it will have on the ordinance passed by this Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Mayor Gillen: — I have a matter I want to bring to your attention regarding the case of Commissioner

Hewson. It seems his case was appealed to the Supreme Court and the appeal was submitted in briefs by both sides, and on the side of the City it seems the brief was prepared by Merritt Lane. What I would like to know is, did the City authorize the engagement of Merritt Lane as counsel, and will the City pay his fee? I understood the matter was in the hands of the City Counsel, and the City Counsel was supposed to look after the City's interests.

Commissioner Archibald: — I think I can explain that. The City Counsel said he would have to have some assistance in the matter and asked if he could get some outside help. I told him to go ahead, and if the City did not pay it I would.

Mayor Gillen: — I certainly will object to paying outside counsel. If our City Counsel is unable to handle a case of this kind he should resign. This is not a complicated case. We have an able City Attorney and an able Assistant City Attorney, and if they were not able to handle this kind of litigation they should all resign and get out. Mr. Merritt Lane is an expensive gentleman when engaged, and his services are very valuable, and I do not think this was an exceptional case. Payment should not be authorized and I will oppose it. I do not think he should have been brought into the case. The matter should have been settled by our own Law Department. It was not a complicated case. There is more politics in it than anything else.

Commissioner Raymond offered the following resolution:

Whereas, The Clinton Hill section of the City of Newark has been for more than two years afflicted by in-

tolerable nuisances created by the factories of the International Coal By-Products Company, Lignel Chemical Company, Glorieux Smelting Works and the Krauter Drop Forge Company's plant, all situate in the Town of Irvington, in Essex County, contiguous and adajecent to the western boundary line of the City of Newark, which nuisances have proved injurious to the health and comfort of five thousand inhabitants of this city, rendering, at times, sleep impossible during the nights, besides damaging real estate values in said section, and

July 22, 1920.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 a. m.

Present: — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Newark, in the Council Chamber, City Hall.

Respectfully submitted,

WILLIAM G. HANRAHAN,

President of the Rent Payers' Association of Essex County, Inc.

The minutes of meeting of July 15th, 1920, were read and approved.

Ordered received and filed.

Mayor Gillen: — The Board is now prepared to hear any citizen who wishes to bring any matter before it.

Dr. Hanrahan: — Mr. Mayor, we have looked very carefully into the matter of the decision that was rendered by the Hon. Justice Swayze of the Supreme Court of this State, and we contend that this decision does not affect the Rent Adjustment Bureau. Time and again I have given decisions to landlords when they have not asked advice. That office is maintained for the property owners as well as the rent payers, and we contend this bureau is not maintained for one class of people at the expense of another.

Dr. W. G. Hanrahan, 38a Fulton Street, Newark: At the request of a large number of rent payers and property owners, I appear before this Board on a most vital matter to our citizens. I have appeared before this Board on matters of a similar nature and I have always received consideration within the lines of discretion in most instances from both the Mayor and the Commissioners. I want to offer a resolution that is necessary for the happiness, health, prosperity and vital to the welfare of our people.

Mrs. August Durfee, 117 Roseville Avenue, Newark, also appeared before the Board and urged the retention of the Rent Adjustment Bureau.

Resolved, That it be the sense of the meeting of the tax payers and rent payers of the City of Newark that the Mayor's Rent Adjustment Commission be maintained and we respectfully urge the City Commission to continue said office.

Mr. Valentine Kane, 57 South Thirteenth Street, Newark, also appeared and urged the retention of the Rent Adjustment Bureau, and asked if it would not be possible to make this bureau a part of the Poor and Alms Department.

And have the City Law Department defend in the highest courts in this State, if necessary, any adverse decision interfering with the functions of this office in the setting aside of ordinances or laws.

Commissioner Raymond:—The Mayor was authorized by this Commission to defend some of these suits as a part of his work in the Poor and Alms, and on that theory I voted for some resolutions some time ago.

This resolution was adopted on July 21st, 1920, at a meeting of the Rent Payers and Tax Payers of the City of

Mr. Robert Reidt, Camp Gillen, Newark, also appeared and asked

what the residents of this camp were going to do when winter came.

Dr. Hanrahan stated that Governor Edwards had called a special session of the Legislature for the latter part of this month, and at that time would request action on the housing bills and urged the Board to go to Trenton to urge the passage of these bills.

Commissioner Archibald moved that the Commission go to Trenton when the Legislature convenes and intercede for these pending bills for the relief of tenants.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners, Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the following opinion of the Law Department in connection with the decision of Justice Swayze:

City Counsel's Office,

Jerome T. Congleton,

City Counsel.

Newark, N. J., July 16th, 1920.

The Board of Commissioners of the City of Newark, addressed.

My dear Sirs:

In compliance with a motion passed at your last meeting asking me for my opinion upon the effect of Judge Swayze's opinion recently filed in the case of Charles Stell vs. The Mayor and Aldermen of Jersey City, relating to the expenditure of city moneys in the matter of rent profiteering, etc.,

I have to say that this department has already considered the effect of this opinion at the request of Mayor Gillen, and under date of July 14th, Mr. Kussy, the Assistant City Attorney, forwarded to the Mayor a full opinion on this matter, which was prepared after consultation with me and in which opinion I concurred, and I can do no better than enclose herewith a copy of the same with the statement that after giving the matter further consideration I still concur in Mr. Kussy's views.

Respectfully yours,

JEROME T. CONGLETON,

Corporation Counsel.

Ordered filed.

City of Newark,

New Jersey,

Law Department.

July 14, 1920.

Hon. Charles P. Gillen,

Director, Department of Public Affairs, Newark, New Jersey.

My dear Mr. Mayor:

Replying to your letter of the 13th instant, inquiring as to the effect which the decision of Justice Swayze in the case of Stell vs. Jersey City, has upon the action taken by the City of Newark with respect to tenancy matters and requesting me to send you a copy of the decision, I would state that Miss Craig informs me that she has already sent you a copy, which you have doubtless received ere this.

With respect to the main subject of your inquiry, I would reply as follows:

In the *Stell* case the Court passed upon the legality of two resolutions, one of which directed and authorized the Director of the Department of Revenue and Finance to investigate cases of alleged rent profiteering and empowered him to disburse such moneys as may be required in the defense of tenancy cases, including jury fees and the employment of attorneys. The second resolution directed that warrants be drawn on the City Treasurer for the moneys required. Both resolutions were declared illegal by the Court.

It seems to me that this decision directly affects every person employed in the Rent Adjustment Commission. The work undertaken by that Commission under your supervision is similar in character to the work undertaken by the Director of the Department of Revenue and Finance in Jersey City, being, I believe, similar both in scope and purpose. This being so and the decision holding that public funds cannot properly be expended to assist private litigants and that in expending funds to assist tenants threatened with eviction in municipalities is unlawfully disbursing funds "for the protection of one class of citizens at the expense of another," it necessarily follows that the City of Newark is not legally warranted in disbursing funds for the employment of clerks, attorneys or other employees of the department whose work is confined to assisting persons seeking advice in matters of private concern or seeking it in the trial of cases in which the City as a municipal corporation is not interested.

In other words, I am of the opinion that under this decision the City of Newark is not warranted in employing of clerk, legal assistants, etc., for the purpose of assisting tenants.

In addition to these two resolutions, the Court also passed upon the validity of an ordinance requiring the landlords to file notices for possession of premises or for increase of rent with the City Clerk; and hold that the object stated in the preamble (Viz: to assist the City of Jersey City in redistricting the municipality) was a mere pretext. I am of the opinion that the preamble to the ordinance adopted by the Board of Commissioners of the City of Newark conforms more closely to the general welfare provision of the statute and that the theory on which our ordinance was drawn therefore renders it less vulnerable to attack than was the Jersey City ordinance. Nevertheless, I fear that the precedent established by the Jersey City decision would tend to sway the Court in its construction of the ordinance adopted by the City of Newark and that the *Stell* case would probably control the decision of the Court in passing upon the validity of the Newark ordinance.

Yours very truly,

NATHAN KUSSY,

Assistant City Attorney.

Mayor Gillen:—I think it is safe to say this Commission is going to continue the Rent Adjustment Commission even if we have to pay for it out of our own pockets.

Commissioner Raymond: — Mr. Mayor, Mr. Nungesser and some gentlemen from Clinton Hill are here on

this Clinton Avenue repaving. They say when they left the last time after protesting against the confirmation of assessments for Clinton Avenue repaving, it was understood if we confirmed the assessment that they would be given an opportunity to be heard. If I overlooked this, and I have no reason to dispute that it was said at the time, I told them that they had better come down today and we would have the City Counsel advise us whether we had any power to interfere with that confirmation which we have already voted on. However, I told Mr. Nungesser I did not think there would be any change in the vote.

Mr. Arthur Nungesser, 126 Chadwick Avenue, Newark, appeared before the Board relative to the final confirmation of assessments for the repaving of Clinton Avenue, stating at a previous meeting the Board had agreed to notify the objectors before final action was taken to confirm the assessment.

Mr. Jacob Seideman, 484 Clinton Avenue, Newark, also appeared and stated it was also his understanding that he would be notified before final action was taken on the confirmation, but that he had received no notice.

Commissioner Raymond:—I do not see what your complaint is. We done it as cheap as it could be done. You have valuable property and want it kept in good condition. We used the old blocks and I do not see how we could do it any cheaper.

City Counsel Congleton then read the section of the law which set forth that after assessments had been confirmed by the Board it would be necessary for property owners to appeal to the Court of Appeals.

Mr. Siegfried Leschiner, 776 Broad Street, Newark:—Mr. Mayor and gentlemen, I have come here with a rather peculiar question this morning. I have made arrangements to acquire property in a certain locality known as Zone E in the City of Newark. I want to describe to you now that that property is 129x319 feet. The land is assessed by the City of Newark at \$28,300 and the building at \$11,700. If I put my improvement there, which plans I have right here, the improvements will be not less than \$300,000. According to this Zoning ordinance, I am prevented from building on this property.

Mayor Gillen: You want the ordinance amended in what way?

Mr. Leschiner: In this way, where a piece of property is in a restricted locality, apartments should be permitted there, providing the width of street and area meet the requirements of the Tenement House Commission and Building Department, leaving out garages, stores and theatres which are detrimental to residential neighborhoods. Mr. Leschiner also stated that the restrictions in this Zone deprived the City of additional revenue and would also cause a higher tax rate.

Mr. O'Rourke, Superintendent of Buildings, stated that the district Mr. Leschiner had in mind was Mt. Prospect Avenue, which had been restricted to one-family houses, and that the Zoning Commission had made this restriction after a public hearing at which it was the desire of the majority of property owners against opening this avenue for apartment houses, and that in order to amend the ordinance Mr. Leschiner or any other citizen would have to appear before this Commission with a petition signed

by at least 50 per cent of owners in the district asking for this change.

Commissioner Archibald moved that an amendment to the ordinance in accordance with the suggestions made by Mr. Leschiner be drawn and that this Board hold a public hearing on the proposed change on August 5th, and that a copy of said proposed amendment be referred to the Commission on Building Districts and Restrictions for consideration and report to this Board of Commissioners.

Commissioner Raymond: — I have some correspondence between myself and the City Counsel, which I would like to have the City Clerk read.

June 15th, 1920.

Jerome T. Congleton, Esq.,
City Counsel,

Newark, New Jersey.

Dear Sir:

Will you make an immediate attempt to have the city intervene in the case now pending in the Court of Chancery with respect to the suit brought by Public Service Railway Company to prohibit certain auto bus owners operating on the streets? If such a course is impossible or impracticable, will you endeavor to act as associate counsel with Mr. George F. Seymour, who is counsel for the Jitney Owners' Association?

Yours very truly,

THOMAS L. RAYMOND,

Director.

City Counsel's Office,

Newark, N. J., June 16, 1920.

Subject: Public Service Railway Company vs. Jitney Operators.

Honorable Thomas L. Raymond,
Director of Streets and Public Improvements, addressed.

Dear Sir:

Replying to your letter of June 15th, in above matter, I beg to state that I have been in telephonic communication with Mr. Seymour, representing the jitney operators, some days past, at which time I informed

him of your desire, previously expressed, that Newark take steps to intervene in these suits, if it were found possible for her to do so.

I have since that time procured a copy of the Bill of Complaint and have again informed Mr. Seymour that I will be pleased to discuss this subject with him at such time as will be mutually agreeable to us.

As soon as I have any further information in this matter I will communicate with you.

Yours very truly,

JEROME T. CONGLETON,

City Counsel.

Commissioner Raymond:—Mr. Congleton says that he has been in close touch with the situation and has been in conference with Mr. Seymour and with all the counsel in this matter and that they have felt the time was not ripe for them to apply to intervene. I want my own action on this matter to be made a matter of record. I think you should have sent me this resolution, unless you had intended to refer it to me.

Commissioner Archibald moved the adoption of the resolution, and that it be referred to Commissioner Raymond.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

City Counsel Congleton:—The Law Department has taken care of this matter. We had a conference with Mr. Seymour's office on the 22nd of June and the procedure being followed is the result of that conference, and there are several reasons why we should not intervene until after a certain motion that had been made and partly argued and is continued until next Monday is disposed of.

Mayor Gillen:—The only trouble is other cities have intervened. Here we are, the governing body of the City, a most vital question to the citizens, and no action is taken. There should be no beating around the bush. We should come out openly and above board and be prepared to take action as soon as necessary. The Law Department has fallen down on several occasions.

City Counsel Congleton:—I say the Law Department has not fallen down. When these matters are referred to me as the head of that department, I feel that I have the right to use my best judgment in handling them.

Mayor Gillen:—There has been too much beating around the bush and hobnobbing with the Public Service Corporation.

City Counsel Congleton:—Not at all. This matter was taken up with Mr. Seymour's office on June 22nd, when representatives from numerous cities where suits had been brought, Paterson, Passaic, Orange and numerous others were present and a plan of action to fight these cases was outlined, and we have been following that plan of action. Next I attended a meeting of the officials representing the municipalities affected by the suits, and

following that I attended a conference of all the attorneys who are taking part. We have already appeared in Chancery with certain motions, which are to be argued again next Monday. We believe we have narrowed the legal questions involved down to two, in both of which the City is very much interested. At the proper time I will appear in Chancery with a motion to intervene. It was the best judgment of the attorneys that that step be deferred as a matter of tactics until the appropriate moment arrived. There never was any intention, nor even a thought of not intervening.

Mayor Gillen: Well, I think it is very weak. The City should have intervened at the proper and psychological moment.

City Counsel Congleton:—As to that I might say that you do not understand legal procedure and perhaps are not in a position to appreciate when the right moment arrives as well as the attorneys are. I insist the Law Department has not fallen down, and we are ready to proceed when it is thought advisable to do so. I was instructed by this Board of Commissioners some time ago to take part in these suits.

Mayor Gillen:—A motion was not made for the City to intervene. The records of the court do not show it.

Commissioner Raymond:—Mr. Congleton's instructions were to intervene, and I assume he will intervene at the proper time. I as a lawyer would not criticise another lawyer as to the time when he makes his intervention. Whatever has been done has been in accord with the counsel for the jitney men.

Mayor Gillen:—I do not care for the counsel for the jitney men. We are here to look after the people of Newark, and what we decide to do in meeting should be carried out by the Law Department without any reservation.

To Alexander Archibald,

Director of Revenue and Finance of the City of Newark.

3. That your petitioner owed debts to creditors in the State of New Jersey, as follows:

5. Your petitioner had no notice or information of the levying of said tax, as aforesaid, or the amount thereof, until served with a notice by a collector that the taxes were past due and owing, and that the same was in the hands for collection of a Deputy Collector of Taxes for the City of Newark.

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

The following communication was received and read:

Newark, New Jersey,
July 28th, 1920.

The Honorable, The Board of Commissioners of the City of Newark,
N. J.

Gentlemen:

With reference to the standardization of salaries and classification of employees of the City of Newark, report covering which was submitted by the Civil Service Commission for consideration by your Honorable Body, we respectfully beg to advise you that the ranges and grades meet with our approval.

There are certain cases which have not yet been passed upon finally in a satisfactory manner by the Civil Service Commission, which, however, does not affect the general plan.

The basis of operation created by this standardization plan is apparently in line with the progressive ideas existent with the hope of making effective a more consistent method of handling personnel problem in the City Government.

There is in our mind a fair basis created, but there exist at the present time cases which indicate that further study is imperative so that there may be effected more equitable treatment of employees.

It is the understanding of this Committee that this basis, if adopted, is one that may be at any time as a whole or in part so that there may be fairer treatment extended to the employees.

So that you may be familiar with our feeling in the matter, it is the opinion of the Committee that the new procedure is one that may increase the powers of the Civil Service Commission for the reason that in every instance hereafter, should this be adopted, prior to any change becoming operative, it will be necessary for the Civil Service Commission to approve all changes in title and salary. They have this power under the law as we see it now in so far as title is concerned, but they do not have as regards compensation. If our views are correct, their power will include both features under this plan.

Very respectfully yours,

JOINT STANDARDIZATION COMMITTEE.

A. K. Brady,

John W. Judson,

W. J. Egan.

Hon. William J. Egan,
City Clerk,
Newark, N. J.

Dear Sir:

Your communication of July 15th, enclosing copy of resolutions adopted

by the Board of Commissioners of the City of Newark, requesting immediate action on the part of this Department for the abatement of nuisances created by factories situated in the Town of Irvington, was duly received and referred to the Attorney General for advice relative to action which may be taken by this Department in the case. As soon as we receive an opinion from the Attorney General we will at once take the matter up further.

Very respectfully,

J. C. PRICE,
Director.

Ordered referred to the Director of Public Affairs.

Commissioner Raymond offered the following resolution:

Whereas, It is thought to be advisable and for the best interests of the City of Newark to purchase the remaining riparian lands and lands under water in front of property owned by the City on Newark Bay for the construction, establishment and maintenance of public docks and shipping and transportation facilities, in accordance with the statutes of the State of New Jersey applicable thereto; therefore be it

Thomas L. Raymond,
A. Archibald,
William J. Brennan,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond:—I would like to say I have taken this matter up with Mr. Jenkinson and he has taken it up with the State Board of Commerce and Navigation and the suggestions as to the cost of a deed are very high. I do not care to make them public yet, and I would like to go ahead and negotiate and come back to the Commission later with the result of my negotiations with the Board. I may have to appear before the Board.

Commissioner Archibald:—I have a matter I would like to take up. I have before me two or three letters and I have had many protests from residents of Mt. Prospect Avenue, asking us to postpone our action on the Zoning Ordinance to permit the erection of apartment houses in that dis-

trict and requesting that the residents of that section be given a public hearing some time in September.

Commissioner Monahan: I have also had a lot of objectors. Most of the residents are away and will not be back until the latter part of September. If they were here they would come here and voice their sentiments as to changing the zoning ordinance in that district, and in justice to them I would say we should leave it lay over until such time as they return.

Commissioner Raymond:—I think we should give them a chance. I have changed my mind on it. I recall we had a special hearing on it and we not only heard the owners, but Mr. Feigenspan and others, and this action was taken after deliberate consideration.

Commissioner Monahan moved that the motion passed last week fixing August 5th as the date for a hearing on the proposed change to the zoning ordinance to permit the erection of apartment houses on Mt. Prospect Avenue be rescinded, and that the hearing be held on September 23rd, 1920.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

City Counsel Congleton:—I desire to ask for a leave of absence for the purpose of my vacation. I expect to be away for three weeks from August 6th.

Commissioner Raymond moved that a leave of absence of three weeks be granted to the City Counsel, and that the Board express its sentiments of appreciation to Mr. Congleton for the splendid service he has rendered it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Archibald, Brennan, Monahan, Raymond.

Commissioner Raymond moved to adjourn.
